Dear Hackettstown Parents and Guardians:

It is the school district's responsibility to notify parents and guardians of all standardized or commercially-prepared standardized assessments given within the school year. Below please find a table that references all standardized assessments for this school year. This information will also be posted on the district website, under the curriculum tab.

\* Testing mode refers to how the student will be administered the assessment. The two types of mode are computer and paper and pencil; some computer-based assessments allow students to take the assessment using paper and pencil. Be sure to inquire about the options if your son/daughter has a medical issue that would not allow him/her to take the assessment on the computer.

\*\* 'Testing time' is the maximum amount of time allotted to students to complete the assessment. Most students finish well in advance of the allotted time.

\*\*\* The testing window period in which districts administer the PARCC assessment; it is not the actual number of days it takes a student to test. School districts can choose which days within the testing windows that it wants to assess students. Please inquire with your district about the exact testing dates of the assessment.

\*\*\*\* This column indicates when the reports will be available to the district. The district will send out reports to parents as soon as possible. Please contact the district for further information.

If you have any questions or comments please do not hesitate to contact my office at (908) 852-2800 ext. 230.

Sincerely,  
Debra L. Grigoletti
